How it works:

01 Get care

Shop for your eligible expense or visit your medical provider.

02 Pay medical expense

Pay out-of-pocket and submit expenses to HealthEquity. You are responsible for paying medical expenses until you have reached the HRA deductible specified by your employer. After that, you can begin requesting reimbursements for eligible expenses and paying for eligible medical expenses using the HealthEquity online member portal or mobile app.

03 Qualify your expenses

In some instances, you may be asked to provide an itemized receipt or explanation of benefits (EOB) to verify that an expense is eligible for reimbursement.

¹Accounts must be activated via the HealthEquity website in order to use the mobile app.
